Second Annual ITBA Squirrel Hunt on Saturday September 6.
We are meeting at 5:00 am for breakfast at the Country Style
Plaza truck stop on the East side of I65 at the Memphis exit. We
will carpool to the backwoods area of the Clark State Forest at
6:00 am, so if you don't want to eat make sure you are there by
then.

Rumor has it that there are some feral hogs running around that
neck of the woods, so you might bring a broadhead or two. Please
stick with some type of small game heads for the tree rats.
For those Kentucky fellows, a 5 day non-resident license is
\$25.75.

Give me a call if you want more info.

From The Editor

Soon I will be ending my first year as editor and web site
coordinator; I hope I have performed up to your
expectations. As I have often stated – Please pass on any
and all ideas for the newsletter or web site, I can use
anything of interest. Think about documenting a favorite
hunt, I would love to share your experience with the other
club members.

I have honestly enjoyed it, it has been my pleasure.

Special thanks to all who come to the shoots early and stay
late to help with the targets and such. So far we have had a
lot of people involved in the “work” part of these events,
and it really takes a load off of those who regularly do this.

**This is YOUR club!! Your participation is what
makes the club work.**

Please help me with ideas, information, articles, hunting
stories, items for sale, or anything else you would like to see
in our newsletter or on our website. Maybe even author
something to be included or give me a call and I will record a
story for print.
